Table of Contents

Foreword to the AWI Cost Book.....	Front-12
Table 1a - Overhead Calculations.....	Front-14
Table 1b - Alternate Style of Overhead Calculations.....	Front-16
Table 2 - Actual Developed Costs of Lumber	Front-18
Table 3 - Lumber Actuary Text.....	Front-20
Table 3 - Lumber Actuary Table.....	Front-21
Table 4 - Cost of Panel Products.....	Front-22
Table 5 - All Those Other Costs!.....	Front-23
Section 100 - Lumber.....	0100-1
Operation 100.1 - Select Lumber from Storage.....	0100-2
Operation 100.2 - Straight Line Rip	0100-3
Operation 100.3 - Surfacing S2S	0100-4
Operation 100.4 - Bundling and Marking.....	0100-5
Operation 100.5 - S4S and Moulded Patterns.....	0100-6
Operation 101 - Cut Off, Cut To Length.....	0100-7
Operation 102 - Resaw.....	0100-8
Operation 103 - Gluing for Width.....	0100-9
Operation 104 - Gluing for Thickness	0100-10
Operation 106- Solid Laminated Top.....	0100-11
Operation 156 - Thick Veneer Stock.....	0100-12
Operation 198 - Hand Sanding	0100-13
Operation 198.1 - Orbital Sanding.....	0100-14
Operation 198.2 - Profile Block Sanding Machine.....	0100-15
Operation 198.3 - Stroke Sanding Machine.....	0100-16
Operation 198.4 - Widebelt Sanding Machine.....	0100-17
Operation 198.5 - Edge Sanding Machine.....	0100-18
Alternate Table - Selected Sanding Operations	0100-19
Section 200 - Panel Products.....	0200-1
Operation 200 - Panel Products	0200-2
Operation 201 - Panel Product by Pieces.....	0200-3
Operation 202 - Covering Core (Cold press or Vacuum bag).....	0200-4
Operation 203 - Cutting Panel Products/Unit Quantities.....	0200-5
Operation 204 - Plastic Laminate	0200-6
Operation 205 - Torsion Box Frame (Open Core)	0200-7
Operation 206 - Radius Parts	0200-8
Operation 250 - Machine Applied Thin Edgebands (Rolls)	0200-9
Operation 252 - Machine Applied Thin Edgebands (Strips).....	0200-10
Operation 254 - Pressured Edge Banding.....	0200-11
Operation 255 - Edge Banding without Clamps.....	0200-12
Operation 256 - Edge Banding Panel Product	0200-13
Operation 260 - Flush Edge	0200-14
Operation 298 - Hand Sanding	0200-15
Operation 298.1 - Orbital Sanding.....	0200-16
Operation 298.2 - Profile Block Sanding Machine.....	0200-17
Operation 298.3 - Stroke Sanding Machine.....	0200-18

Operation 298.4 - Widebelt Sanding Machine.....	0200-19
Operation 298.5 - Edge Sanding Machine.....	0200-20
Alternate Table - Selected Sanding Operations	0200-21
Section 300 - Standing and Running Trim.....	0300-1
Operation 312 - Dado Rabbeted Member.....	0300-2
Operation 313 - Miter Moulded Member	0300-3
Operation 314 - Dado Member With S4S Stop	0300-4
Operation 318, 320 - Dado Member/Mitered Stop.....	0300-5
Operation 322, 324 - Dado Member With 2 Mitered Stops.....	0300-6
Operation 328 - Notched Sill/Side Jamb	0300-7
Operation 330 - Right Angle Dado on Pitched Member.....	0300-8
Operation 332 - Stop Dado	0300-9
Operation 334 - Miter Connections	0300-10
Operation 336 - Plow and Tongue Joint.....	0300-11
Operation 338 - Assembly of Miters (Premium)	0300-12
Operation 340 - Assembly of Miters (Custom).....	0300-13
Operation 342 - Unsupported Miters	0300-14
Operation 344 - Dowel or Biscuit Joints.....	0300-15
Operation 345 - Dowel or Biscuit Joints.....	0300-16
Operation 346, 348, 350 - Curved Member	0300-17
Operation 354 - Curved Member.....	0300-18
Operation 355 - Curved Member, Laminated, Face Profiled.....	0300-19
Operation 356 - Thick Veneered Stock.....	0300-20
Operation 360 - Assembly with Screws.....	0300-21
Operation 370 - Flat Mitered Inside and Outside Corners.....	0300-22
Operation 372 - Flat Coped Inside Corner.....	0300-23
Operation 374 - Crown Mitered Inside & Outside Corner	0300-24
Operation 376 - Crown Coped Inside Corner	0300-25
Operation 378 - Flat Running Scarf Joints	0300-26
Operation 398- Hand Sanding	0300-27
Operation 398.1 - Orbital Sanding.....	0300-28
Operation 398.2 - Profile Block Sanding Machine.....	0300-29
Operation 398.3 - Stroke Sanding Machine.....	0300-30
Operation 398.4 - Widebelt Sanding Machine.....	0300-31
Operation 398.5 - Edge Sanding Machine.....	0300-32
Alternate Table - Selected Sanding Operations	0300-33
Section 400 - Architectural Cabinets.....	0400-1
Operation 400 - Machine and Assemble Face Frame	0400-2
Operation 401, 402, 403 - Fastening Face Frame to Case	0400-3
Operation 404 - Thru Dado	0400-4
Operation 406 - Sloped Surface Thru Dado.....	0400-5
Operation 408 - Stop Dado	0400-6
Operation 409 - European Assembly Screws.....	0400-7
Operation 410 - Pigeon-Holes	0400-8
Operation 411 - Dowel Joints & Insertion	0400-9
Operation 412 - Recessed Mounted Shelf Standards.....	0400-10
Operation 413 - Inline Boring.....	0400-11

Operation 414 - Dowel Insertion	0400-12
Operation 415 - Cabinet Box Levelers	0400-13
Operation 416 - Toe Strip.....	0400-14
Operation 417 - Loose Cabinet Toe Kicks.....	0400-15
Operation 418 - Unexposed Back.....	0400-16
Operation 419 - Grooving for Backs	0400-17
Operation 420-422 - Premium & Custom Counter Front	0400-18
Operation 424 - Sloped Counter Front.....	0400-19
Operation 426 - Sq Ft of Radius Counter Front.....	0400-20
Operation 427 - Custom Grade Exposed Corner	0400-21
Operation 428-430-432 - Multiple Grade Exposed Corners.....	0400-22
Operation 433 - Case Clamp Assembly	0400-23
Operation 434 - Panel Door	0400-24
Operation 436 - Butt Hinged Inset Door.....	0400-25
Operation 438 - Pivot Hinged Door.....	0400-26
Operation 440 - Manual Concealed Hinged Overlay Door	0400-27
Operation 441 - Automated Concealed Hinged Overlay Door.....	0400-28
Operation 442 - Hinged Wardrobe Door.....	0400-29
Operation 443 - Flipper/Retractable Door	0400-30
Operation 444 - Sliding Door	0400-31
Operation 446 - Finger Pulls.....	0400-32
Operation 447 - Drawer Front.....	0400-33
Operation 448 - Drawer Bodies	0400-34
Operation 449 - Metal Drawer Slides	0400-35
Operation 450 - Cabinet Locks	0400-36
Operation 461 - Cabinet Pulls.....	0400-37
Operation 462-463 - Counter Tops	0400-38
Operation 464 - Shop Made Counter Joints for Length.....	0400-39
Operation 466 - Counter Cut Outs	0400-40
Operation 467 - Face Frames with Laminate.....	0400-41
Operation 468 - Cover with Laminate	0400-42
Operation 498 - Hand Sanding	0400-43
Operation 498.1 - Orbital Sanding.....	0400-44
Operation 498.2 - Profile Block Sanding Machine.....	0400-45
Operation 498.3 - Stroke Sanding Machine.....	0400-46
Operation 498.4 - Widebelt Sanding Machine.....	0400-47
Operation 498.5 - Edge Sanding Machine.....	0400-48
Alternate Table - Selected Sanding Operations	0400-49
Operation 499 - Unit Costing.....	0400-51
Worksheet 1 - Unit Costing.....	0400-52
Worksheet 2 - Unit Costing.....	0400-53
Worksheet 3 - Unit Costing.....	0400-54
Worksheet 4 - Unit Costing.....	0400-55
Worksheet 5 - Unit Costing.....	0400-56
Worksheet 6 - Unit Costing.....	0400-57
Worksheet 7 - Unit Costing.....	0400-58
Worksheet 8 - Unit Costing.....	0400-59

Worksheet 9 - Unit Costing.....	0400-60
Worksheet 10 - Unit Costing.....	0400-61
Worksheet 11 - Unit Costing.....	0400-62
Section 500 - Paneling.....	0500-1
Operation 502 - Panel Assembly.....	0500-2
Operation 508 - Panel Moulds.....	0500-3
Operation 510 - Flush Panel, Splined Joint.....	0500-4
Operation 512 - Lock Miter External Corners.....	0500-5
Operation 514 - Loose Panel to Panel Joint.....	0500-6
Operation 551- 552 - Applied Moulding.....	0500-7
Operation 553 - Assembly of Miters.....	0500-8
Operation 560 - Flush Radius Panels.....	0500-9
Operation 562 - Flush Radius Panels.....	0500-10
Operation 564 - Radius Rail with Flat Panels.....	0500-11
Operation 566-568-570 - Rectangular Raised Panels.....	0500-12
Operation 598 - Hand Sanding.....	0500-13
Operation 598.1 - Orbital Sanding.....	0500-14
Operation 598.2 - Profile Block Sanding Machine.....	0500-15
Operation 598.3 - Stroke Sanding Machine.....	0500-16
Operation 598.4 - Widebelt Sanding Machine.....	0500-17
Operation 598.5 - Edge Sanding Machine.....	0500-18
Alternate Table - Selected Sanding Operations.....	0500-19
Section 600 - Closet & Utility Shelving.....	0600-1
Operation 602 - Machine Cleats and Ends - Solid Lumber.....	0600-2
Operation 604 - Shelves and Dividers - Panel Products.....	0600-3
Operation 606 - Edge Treatments.....	0600-4
Operation 608 - Assembly.....	0600-5
Operation 610 - Bundling, Packaging, Labeling.....	0600-6
Operation 698 - Hand Sanding.....	0600-7
Operation 698.1 - Orbital Sanding.....	0600-8
Operation 698.2 - Profile Block Sanding Machine.....	0600-9
Operation 698.3 - Stroke Sanding Machine.....	0600-10
Operation 698.4 - Widebelt Sanding Machine.....	0600-11
Operation 698.5 - Edge Sanding Machine.....	0600-12
Alternate Table - Selected Sanding Operations.....	0600-13
Section 700 - Ornamental Work.....	0700-1
Operation 702, 704 - Stop Fluting.....	0700-2
Operation 706 - Rake Moulding.....	0700-3
Operation 710 - Flat Columns and Pilasters.....	0700-4
Operation 722 - Corner Blocks, Rosettes, Plinth Blocks.....	0700-5
Operation 734 - Curved Member.....	0700-6
Operation 760 - Assembly with Screws.....	0700-7
Operation 761 - Half Lap Grills.....	0700-8
Operation 762 - Mortise and Tenon Grills.....	0700-9
Operation 764 - Rectangular Louver.....	0700-10
Operation 766 - Triangular Louver.....	0700-11
Operation 768 - Circular Louver.....	0700-12

Operation 798 - Hand Sanding	0700-13
Operation 798.1 - Orbital Sanding.....	0700-14
Operation 798.2 - Profile Block Sanding Machine.....	0700-15
Operation 798.3 - Stroke Sanding Machine.....	0700-16
Operation 798.4 - Widebelt Sanding Machine.....	0700-17
Operation 798.5 - Edge Sanding Machine.....	0700-18
Alternate Table - Selected Sanding Operations	0700-19
Section 800 - Stairwork and Rails	0800-1
Operation 800 - Stair Horse	0800-2
Operation 802 - Wall Stringers	0800-3
Operation 804 - Single Face Stringer.....	0800-4
Operation 806 - Mitered Return.....	0800-5
Operation 808, 809 - Tread Preparation.....	0800-6
Operation 810 - Typical Winders	0800-7
Operation 812 - Radius End Tread.....	0800-8
Operation 814 - Typical Bent Riser	0800-9
Operation 816 - Layout and Rout Newel.....	0800-10
Operation 818 - Typical Turned Baluster.....	0800-11
Operation 819 - Typical Turned Newel.....	0800-12
Operation 820 - Typical Baluster	0800-13
Operation 822 - End Rake Return.....	0800-14
Operation 824 - Handrail Fittings.....	0800-15
Operation 826, 828, 830, 832, 834 - Radius Stairwork	0800-16
Operation 898 - Hand Sanding	0800-17
Operation 898.1 - Orbital Sanding.....	0800-18
Operation 898.2 - Profile Block Sanding Machine.....	0800-19
Operation 898.3 - Stroke Sanding Machine.....	0800-20
Operation 898.4 - Widebelt Sanding Machine.....	0800-21
Operation 898.5 - Edge Sanding Machine.....	0800-22
Alternate Table - Selected Sanding Operations	0800-23
Section 900 - Door Frames	0900-1
Operation 910 - Jamb with Applied Stop.....	0900-2
Operation 920 - Jamb with Ploughed-In Stop.....	0900-3
Operation 930 - Rabbeted Jamb.....	0900-4
Operation 940 - Double Rabbeted Jamb.....	0900-5
Operation 950 - Split Jamb	0900-6
Operation 998 - Hand Sanding	0900-7
Operation 998.1 - Orbital Sanding.....	0900-8
Operation 998.2 - Profile Block Sanding Machine.....	0900-9
Operation 998.3 - Stroke Sanding Machine.....	0900-10
Operation 998.4 - Widebelt Sanding Machine.....	0900-11
Operation 998.5 - Edge Sanding Machine.....	0900-12
Alternate Table - Selected Sanding Operations	0900-13

Section 1000 - Windows	1000-1
Operation 1010 - Weight & Pully Window Frame.....	1000-2
Operation 1020 - Double Hung Spiral Balance	1000-3
Operation 1030 - Vinyl Jamb Liner Combination	1000-4
Operation 1040 - Casement and Awning	1000-5
Operation 1046, 1048, 1050 - Curved Member	1000-6
Operation 1056 - Return Machining & Application of Subsill.....	1000-7
Operation 1058 - Machine and Assemble Sash	1000-8
Operation 1060 - Muntin Bars	1000-9
Operation 1062 - Wood Glass Beads	1000-10
Operation 1065 - Putty Glazing	1000-11
Operation 1072, 1074, 1076 - Irregular Head-Solid Stock.....	1000-12
Operation 1098 - Hand Sanding	1000-13
Operation 1098.1 - Orbital Sanding.....	1000-14
Operation 1098.2 - Profile Block Sanding Machine.....	1000-15
Operation 1098.3 - Stroke Sanding Machine.....	1000-16
Operation 1098.4 - Widebelt Sanding Machine.....	1000-17
Operation 1098.5 - Edge Sanding Machine.....	1000-18
Alternate Table - Selected Sanding Operations	1000-19
Section 1100 - Screens	1100-1
Operation 1158 - Machine and Assemble Frame.....	1100-2
Operation 1162 - Application of Screen and Stops.....	1100-3
Operation 1172, 1174, 1175 - Irregular Head, Solid Stock.....	1100-4
Operation 1198 - Hand Sanding.....	1100-5
Operation 1198.1 - Orbital Sanding.....	1100-6
Operation 1198.2 - Profile Block Sanding Machine.....	1100-7
Operation 1198.3 - Stroke Sanding Machine.....	1100-8
Operation 1198.4 - Widebelt Sanding Machine.....	1100-9
Operation 1198.5 - Edge Sanding Machine	1100-10
Alternate Table - Selected Sanding Operations	1100-11
Section 1200 - Blinds & Shutters	1200-1
Operation 1202 - Machining for Stopped Slats	1200-2
Operation 1204 - Blind or Shutter Through Slats.....	1200-3
Operation 1206 - Machine & Apply Exterior Mould.....	1200-4
Operation 1208 - Machine, Assemble Exterior Raised Panels.....	1200-5
Operation 1210 - Mortise & Tenon Joints for Frame Assembly.....	1200-6
Operation 1220 - Application of Metal Top Cap	1200-7
Operation 1298 - Hand Sanding	1200-9
Operation 1298.1 - Orbital Sanding.....	1200-10
Operation 1298.2 - Profile Block Sanding Machine.....	1200-11
Operation 1298.3 - Stroke Sanding Machine.....	1200-12
Operation 1298.4 - Widebelt Sanding Machine.....	1200-13
Operation 1298.5 - Edge Sanding Machine.....	1200-14
Alternate Table - Selected Sanding Operations	1200-15

Section 1300 - Architectural Flush Doors	1300-1
Operation 1300 - Resize Flush Solid Core Door	1300-2
Operations 1302, 1304, 1306 - Moulded Openings.....	1300-3
Operation 1310 - Plant On Moulding	1300-4
Operation 1388 - In-Plant Door Machining.....	1300-5
Operation 1398 - Hand Sanding	1300-7
Operation 1398.1 - Orbital Sanding.....	1300-8
Operation 1398.2 - Profile Block Sanding Machine.....	1300-9
Operation 1398.3 - Stroke Sanding Machine.....	1300-10
Operation 1398.4 - Widebelt Sanding Machine.....	1300-11
Operation 1398.5 - Edge Sanding Machine.....	1300-12
Alternate Table - Selected Sanding Operations	1300-13
Section 1400 - Stile and Rail Doors	1400-1
Operation 1410, 1411, 1412 - Plant On Mouldings.....	1400-2
Operation 1456 - Manufacturing Thick Veneered Stock	1400-3
Operation 1460 - Muntin Bar Joints	1400-5
Operation 1462, 1464 - Door Panels Installed With Stops	1400-6
Operation 1465 - Putty Glazing	1400-7
Operation 1466, 1468, 1470 - Rectangular Raised Panels.....	1400-8
Operation 1472, 1474, 1476 - Irregular Door Head-Solid Stock.....	1400-9
Operation 1488 - In-Plant Door Machining.....	1400-10
Operation 1498 - Hand Sanding	1400-11
Operation 1498.1 - Orbital Sanding.....	1400-12
Operation 1498.2 - Profile Block Sanding Machine.....	1400-13
Operation 1498.3 - Stroke Sanding Machine.....	1400-14
Operation 1498.4 - Widebelt Sanding Machine.....	1400-15
Operation 1498.5 - Edge Sanding Machine.....	1400-16
Alternate Table - Selected Sanding Operations	1400-17
Section 1500 - Factory Finishing	1500-1
Special Introduction for Finishing Section	1500-2
Finish Sample Preparation	1500-3
Touch-up & Quality Assurance.....	1500-3
Operation 1500 - Clear Finish.....	1500-4
Operation 1501 - Stain & Finish.....	1500-5
Operation 1505 - Washcoat.....	1500-7
Operation 1510 - Dye.....	1500-8
Operation 1512 - Wiping Stain	1500-9
Operation 1514 - Glaze.....	1500-10
Operation 1516 - Spray Toner.....	1500-11
Operation 1518 - Paste Wood Filler.....	1500-12
Operation 1520 - Sealcoat.....	1500-13
Operation 1525 - Scuff Sand.....	1500-14
Operation 1530 - Topcoat	1500-15
Operation 1540 - Priming	1500-16
Operation 1550 - Finishing Assembled Units.....	1500-17

Section 1600 - Modular Cabinets.....	1600-1
Section 1700 - Installation	1700-1
Section 1700 - Installation Notes.....	1700-2
Section 1700 - Installation Notes (continued)	1700-3
Section 1700 - Installation Variables	1700-4
Operation 1700 - Split Jambs & Stop	1700-5
Operation 1705 - Solid Jambs & Stop	1700-6
Operation 1710 - Standing Trim K.D. - Precut Miters	1700-7
Operation 1715 - Standing Trim K.D. - Job Cut Miters	1700-8
Operation 1720 - Running Base Trim.....	1700-9
Operation 1725 - Running Chair Rail Trim	1700-10
Operation 1730 - Running Crown Mould Trim	1700-11
Operation 1735 - Running Wall Cap Trim.....	1700-12
Operation 1740 - Base Cabinet.....	1700-13
Operation 1745 - Upper (Wall) Cabinet.....	1700-14
Operation 1750 - Upper (Wall) Cabinet Over Metal Files.....	1700-15
Operation 1753 - Reversing Cabinet Pulls and Adjustments.....	1700-16
Operation 1755 - High Pressure Decorative Laminate Top.....	1700-17
Operation 1758 - Solid Surface Top	1700-18
Operation 1760 - Freestanding Worktop.....	1700-19
Operation 1761 - Fillers (general).....	1700-20
Operation 1780 - Flush Paneling	1700-21
Operation 1790 - Adj. Shelves on Standards and Brackets	1700-22
Operation 1795 - Closet Interiors	1700-23
Operation 1796 - Doors in Jambs (Metal & Wood).....	1700-24
Section 2000 - CNC Operations	2000-1
Operation 2001 - Point-to-Point CAD	2000-3
Operation 2003 - Computer Aided Machine Language.....	2000-4
Operation 2005 - Prepare Table and Fixtures	2000-5
Operation 2007 - Loading Tooling and Setting Heads	2000-6
Operation 2009 - Perimeter Machining.....	2000-7
Operation 2011- Pocket Machining	2000-8
Operation 2013- Boring.....	2000-9
Operation 2015 - Material Handling.....	2000-10
Data 2017 - Point-to-Point Summary Sheet (20xx Operations)	2000-11

Suggestions for Improvement
AWI Cost Book
Table of Resolutions Submittal

The following suggestion will improve the AWI Cost Book.

Please turn to Page: _____ Look at Operation: _____ [write in Operation no.]

_____ Add, after this operation, a new operation & the following words:
Preceded by:

Included:

Not Included:

Notes:

_____ Revise the wording of this operation as follows:

_____ Delete this operation:

_____ Revise the illustration as follows:

_____ Add a new illustration as follows:

_____ Comments [add extra sheet(s) as required]:

For clarification, you can contact me at:

Company Name: _____

Your Name: _____

Street Address: _____

City, State and ZIP: _____

Telephone with Area Code first: _____ Fax: _____

Email address; [PRINT] _____
